

# **CCTV Surveillance Systems & Video Security Solutions**

## **Advanced CCTV Systems for Homes, Businesses & Industries**

We provide advanced CCTV surveillance systems designed to monitor, record, and protect premises against theft, intrusion, and security threats. Our CCTV solutions offer real-time monitoring, high-resolution video recording, and remote access to ensure complete security and peace of mind.

Our CCTV surveillance systems comply with industry security standards and are suitable for commercial buildings, industrial facilities, residential complexes, hospitals, hotels, schools, warehouses, retail stores, and IT parks.

With extensive experience in CCTV system design, installation, testing, commissioning, and maintenance, we help organizations enhance security, improve monitoring, and ensure operational safety.

## **CCTV Surveillance Services We Offer**

### **CCTV System Design & Installation**

We design customized CCTV systems based on site layout, security requirements, and risk assessment. Our installation services include:

- IP Camera Surveillance Systems
- Analog HD CCTV Systems
- Indoor & Outdoor Camera Installation
- Night Vision & IR Camera Setup
- PTZ Camera Installation

Each system is installed for optimal coverage and reliable performance.

### **CCTV Equipment Supply**

We supply high-quality CCTV components, including:

- IP & HD CCTV Cameras
- Network Video Recorders (NVR)
- Digital Video Recorders (DVR)
- Hard Disks & Storage Solutions
- Monitors, Cables & Accessories

All equipment is sourced from trusted manufacturers and ensures long-term reliability.

### **CCTV Monitoring, AMC & Maintenance**

To maintain uninterrupted security, we provide:

- CCTV System Testing & Commissioning
- Annual Maintenance Contract (AMC)
- Camera Health Checks & Cleaning
- Storage & Backup Management
- System Upgrades & Expansion

Our AMC services ensure your surveillance system operates 24/7.

---

## **Types of CCTV Surveillance Systems**

### **IP Camera Surveillance System**

High-resolution cameras with network connectivity and remote access via mobile or desktop.

### **Analog HD CCTV System**

Cost-effective solution with reliable performance for small to medium-sized installations.

### **Wireless CCTV System**

Ideal for locations where cabling is difficult or minimal wiring is preferred.

### **PTZ (Pan-Tilt-Zoom) Camera System**

Provides wide-area monitoring with zoom and movement control for critical locations.

## **Why Choose Our CCTV Surveillance Solutions?**

- ✓ Certified Security System Professionals
- ✓ High-Resolution & Night Vision Cameras
- ✓ Customized System Design
- ✓ Secure Remote Monitoring
- ✓ Competitive Pricing
- ✓ Reliable AMC & Technical Support

We focus on threat prevention, real-time monitoring, and evidence recording.

---

## **Industries We Serve**

- Commercial Buildings
- Industrial Plants & Manufacturing Units
- IT & Corporate Offices
- Hospitals & Healthcare Facilities
- Hotels & Hospitality
- Educational Institutions

- Warehouses & Logistics Centers
  - Retail Stores & Shopping Malls
  - Residential Apartments & Villas
- 

## CCTV Compliance & Standards

Our CCTV systems comply with:

- Industry Security Guidelines
- Data Privacy & Surveillance Norms
- Local Authority Regulations

We assist with system documentation, privacy compliance, and monitoring policies.

---

## Frequently Asked Questions (FAQ)

### Can CCTV cameras be monitored remotely?

Yes, our CCTV systems support remote monitoring via mobile apps and web platforms.

### How long is CCTV footage stored?

Storage duration depends on hard disk capacity and recording settings, typically ranging from 7 to 90 days.

### Do you provide CCTV AMC services?

Yes, we offer comprehensive AMC services including inspection, maintenance, and upgrades.
